

# CONTESTABILITY of CLAIMS

## Agent Acknowledgement

It is important to know that a preneed life insurance policy has a contestable period of **TWO (2) YEARS** from the date of the issuance. This means that if a person dies and a claim occurs within the first two years of the policy issue date, any false or misleading information contained on the application is grounds for the denial of a claim.

I, \_\_\_\_\_, acknowledge that I clearly understand these policy terms and Texas Laws and will explain the terms and laws to every insurance applicant, with Texas Service Life Insurance Company, at the time insurance is applied for.

UNDERSTOOD, ACKNOWLEDGED and AGREED:
